Osnovne prednosti

- OA povećava **vidljivost i utjecaj/učinak**
- OA omogućuje **brži tijek istraživanja**
- OA omogućuje bolje **upravljanje i evaluaciju istraživanja**
- OA osigurava građu od koje se alatima semantičkog weba(data-mining i text-mining) može stvarati **ново znanje**

([EnablingOpenScholarship](#))

Citatna prednost

- Važno je uspoređivati članke iz istog časopisa i iste godine (jednake kvalitete!), a ne OA časopise s ne-OA
- Razlozi citatne prednosti?
 - **općenita prednost** (članke mogu citirati i oni kojima prije nisu bili dostupni)
 - **prednost ranijeg pristupa** (članke je moguće ranije citirati)
 - **pristranost u izboru** (autori su skloni staviti svoje bolje članke u otvoreni pristup)
 - **kvalitativna prednost** (kvalitetniji članci imaju veću općenu prednost)
- Swan, Alma (2010) [*The Open Access citation advantage: Studies and results to date*](#)
- Hitchcock, S (2012) [*The effect of open access and downloads \('hits'\) on citation impact: a bibliography of studies*](#)

Evaluacija

- Veća dostupnost osigurava lakšu evaluaciju (mandati)
- Širenje obuhvata literature za koju imamo scijentometrijske pokazatelje (časopisi izvan Scopusa i WoS-a, knjige, istraživački podaci...)
- Razvoj novih pokazatelja - **altmetrika**

Opasnosti?

Tko kvvari ugled otvorenog pristupa?

Predatorski časopisi

- Popis: <http://scholarlyoa.com/publishers/> ([kriteriji](#))
- karakteristike:
 - oglašavaju se **spam** porukama
 - apeliraju na **taštinu** (pozivi za sudjelovanjem u uredništvu)
 - marketinške strategije usmjerene na **autora** (a ne čitatelje ili knjižnice) i **neuobičajene** za časopise (sadržaji web stranica neuobičajeni za časopise)
 - **tvrdnje o indeksiranosti časopisa** - često netočne ili besmislene
 - **veliki broj često vrlo široko definiranih naslova** (često i naslovi koji nalikuju na neke poznate časopise)
 - problem - trajno čuvanje

Call For Papers

Articles are invited for
October 2013
Issue **IJBMR**

International Journal of Biological & Medical Research (IJBMR) publishes papers describing original research in all areas of contemporary biological and medical fields.

Submitted original research papers should represent a novel and important contribution to the understanding of any area of biological and medical research and provide mechanistic insights into the process.

All submitted articles should report original, previously unpublished research results, experimental or theoretical, and will be peer-reviewed. Articles submitted to the journal should meet these criteria and must not be under consideration for publication. Manuscripts should follow the style of the journal and are subject to both review and editing.

International Journal of Biological and Medical Research (IJBMR) is an international peer-reviewed multidisciplinary online journal published in quarterly in the months of January, April, July and October. The journal accepts Original Articles, Review Articles, Case Report and Short Report.

Scope of the Article

All Biological & Medical Sciences like Anesthesiology, Animal Research, Basic medical sciences, Biochemistry, Biotechnology, Bioinformatics, Biophysics, Biology, Cancer biology, Cardiology, Cardio Thoracic Surgery, Dabetology, Dermatology, ENT, Endocrinology, Free radical Biology, General surgery, General Medicine, Genetics, Gastroenterology, Gynecology, Hematology, Herbal Therapy, Human physiology, Immunology, Infertility, Infectious Diseases, Laboratory Medicine & Techniques, Microbiology, Molecular Biology, Nanotechnology, Neonatology, Neurology, Nephrology, Nursing care, Nutrition, Oncology, Orthopedics, Ophthalmology, Pathology, Plant Study, Plant Bio Technology, Pharmacology, Pulmonology, Pediatrics, Psychiatry, Rheumatology, STDs, Stem Cell Research, Toxicology, Urology & Virology, etc...

Prepoznavanje “predatora”

- ‘Granični’ izdavači:
 - Hindawi
 - Versita
- Mega-časopisi koji nisu predatori:
 - [PLoS one](#)
 - [PeerJ](#)
 - [ELife](#)
- Sumnjivi su svi novi časopisi za koje prethodno niste čuli, ne znate tko stoji iza njih i ne prepoznajete niti jedno ime u uredničkom odboru
- Moguće garancije kvalitete:
 - usklađenost s [COPE Code of Conduct](#)
 - pripadnost udruženju [Open Access Scholarly Publishers Association - OASPA](#)
 - korištenje sustava OJS

Lažni indeksi

!!!SUBMISSION DEADLINE EXTENSION: May 25, 2014!!!

The 2nd edition of SCIECONF (9. - 13. June 2014)

<http://www.scieconf.com>

SCIECONF 2014 (June 9-13, 2014) is an International **Virtual** Conference organized on behalf of Scientific Community. This event provides valuable, professional feedback for researchers, student, and practitioners in smart and effective way. The conference will be held online as virtual conference at the address www.scieconf.com.

ESSENTIAL INFORMATION

All submitted papers will go through at least two evaluation processes:

- (1) **single-blind peer-to-peer reviewing** (at least two reviewers),
 - (2) single-blind technical check.
- Authors making submission and reviewers will have access to other submissions during the conference dates to review and comment them.
 - All accepted papers will be published in the conference proceedings with ISSN and ISBN.
 - Published papers will be included into Open Access Online conference Archive.
 - Authors of the **best 20%-25%** of the papers presented at the conference will be invited to extend their papers for their publication **in International Scientific Journals**.
 - We cover full conference service. Conference proceedings of SCIECONF 2014 will be **sent for evaluation into major indexing and abstracting databases**.

PARTICIPATE

- Participate as author, and we ensure you to receive professional feedback and effective propagation of your results.
- Participate in reviewing process ? be important part of Scientific Committee.
- Be our partner - please help us to spread our ideas and share information about our events to your colleagues.

SCOPE OF THE CONFERENCE - The conference provides also wide range of topics:

- Business Management
- Marketing
- Economy and Business Economics
- Financing and Accounting
- Public service, Law
- Psychology, Sociology and Pedagogy, Social Science
- Medicine
- Veterinary medicine
- Art, Religion, History, Culturology, Philosophy
- Linguistics
- Ecology
- Natural science
- mathematics, chemistry, biology, physics
- Electronics, Electrical Systems, Electrical Engineering
- Energy
- Industrial and Civil Engineering
- Informatics
- Information Technology
- Wireless Technology
- Transport and Logistics
- Agriculture

Knjige

- izdavači koji objavljuju doktorate bez daljnjeg uređivanja
 - npr. Lambert Academic Publishing - LAP
- uredničke knjige, poglavlja vilo 'labavo' povezana
 - npr. InTech Open
